QUALIFICATIONS SUMMARY

- Skilled in creating original designs and adapting the design style to meet project needs.
- Track record of proposing new, creative design approaches.
- Robust understanding of color, shape, volume, anatomy, perspective, lighting, and staging to bring characters to life with a fresh design appeal, showcasing character personality, poses, movement, and a broad range of expressions.
- Highly adept in executing detailed character drawings, collaborating with other departments while designing characters based on a director's vision – able to ensure quality and style of show.
- Beginner knowledge of 3D and cinematic techniques with modeling experience and more advanced storyboarding skills.
- Leverage strong time management, problem-solving, communication, and interpersonal skills to effectively multitask and perform under pressure in a dynamic, collaborative environment.
